ADVANCED  
RANGE

### Linksys N300 Wi-Fi Router delivers superior Wireless-N technology for reliable home networking

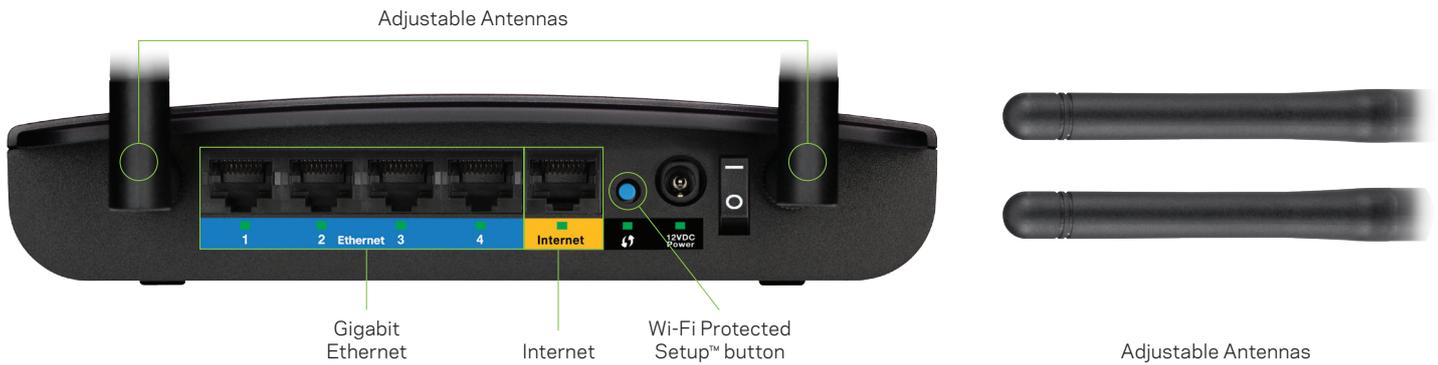

Upgrade to the high-quality speed and range of Wireless-N technology with the Linksys N300 Wi-Fi Router (E1700). Offering optimal speed, range and reliability for today's computers, wireless printers and other powerful Wi-Fi devices, the N300 Router delivers speeds up to 300 Mbps—enough to simultaneously support streaming HD video, listen to digital music, game online and more. Featuring two adjustable external antennas ensuring reliable coverage, the N300 Router also leverages MIMO technology, a key element in the Wireless-N standard, to enhance the router's coverage capabilities and eliminate dead zones throughout the home giving users the most out of their wireless network.

### Key Features and Benefits

- **Enjoy Wireless-N technology:** Speeds up to N300 Mbps create a powerful wireless network.
- **Easy setup:** Linksys setup software makes connection between the router and a home wireless network complete in three easy steps.
- **Faster transfer rates:** Four Gigabit ports deliver 10 times faster transfer rates than Ethernet for photos, video and data files.
- **Advanced security:** With WPA/WPA2 encryption and SPI firewall, you can be confident content on your wireless home network will remain protected.
- **Adjustable antennas:** Two detachable, adjustable antennas provide flexible placement options to optimize antenna position and achieve optimal range and performance.

### Wi-Fi® ROUTER E1700

#### PACKAGE CONTENTS

- Linksys N300 Wi-Fi Router, E1700
- CD-ROM with Setup Software and Resources
- Quick Installation Guide
- 2 Detachable Antennas
- Ethernet Cable
- Power Adapter

#### MINIMUM SYSTEM REQUIREMENTS

PC: Wi-Fi enabled with CD or DVD drive, Windows® XP SP3, Windows Vista® SP1 or later, Windows 7, or Windows 8

Mac: Wi-Fi enabled with CD or DVD drive, Mac OS® X Leopard v10.5.8 or later, Snow Leopard v10.6.1 or later, Lion v10.7 or later, or Mountain Lion v10.8

Web Browser: Internet Explorer® 8, Safari® 5 (for Mac®), Firefox® 8 or Google Chrome™

Specifications are subject to change without notice.

An active, customer-purchased Internet Service Provider broadband account is required for connection of this router and other connected computers and devices to the Internet.

Some devices may require additional wireless adapters or an Ethernet cable to connect to this router.

#### Specifications:

Wireless Standards with Link Rate  
 IEEE 802.11n (up to 300 Mbps\*)  
 IEEE 802.11g (up to 54 Mbps\*)  
 IEEE 802.11b (up to 11 Mbps\*)

#### Wireless Operating Spectrum:

2.4 GHz

#### Wireless Security:

Wi-Fi Protected Setup™  
 WPA®/WPA2® encryption  
 WEP encryption

#### VPN Support:

PPTP pass-through  
 IPsec pass-through

#### Ports:

1x Internet  
 4x Gigabit Ethernet Power

#### Frequency Band:

2.4GHz (single-band)

#### Peak antenna gain:

3.5 dBi

#### Antenna type:

External dipole

#### Transmitted Power (EIRP power):

19.90 dBm (measured max. average)

Prod Height: 3.05 cm  
 Prod Width: 15.19 cm  
 Prod Length: 18.9 cm  
 Prod Weight: 0.2 kg  
 (with external antennas)  
 Unit Height: 6.6 cm  
 Unit Width: 24.1 cm  
 Unit Length: 27.9 cm  
 Unit Weight: 0.64 kg  
 Case-Pack Height: 27.94 cm  
 Case-Pack Width: 37.08 cm  
 Case-Pack Length: 58.93 cm  
 Case-Pack Weight: 7.9 kg  
 Case Pack Quantity: 6

\* Maximum performance derived from IEEE Standard 802.11 specifications. Actual performance can vary, including lower wireless network capacity, data throughput rate, range and coverage. Performance depends on many factors, conditions and variables, including distance from the access point, volume of network traffic, building materials and construction, operating system used, mix of wireless products used, interference and other adverse conditions.
